THE DRIVERS CONTINUE THEIR BATTLE

On the second running of this stage Hevia lowered his previous time by 23 seconds showing that the Asturian is competing at the maximum and is doing it without errors. Jonathan Perez did not go so well on this section losing the second position he had been occupying, Xevi Pons overtaking him in the general classification.

With one more stage to the end of the rally, the European Championship classification stays the same with Alberto Hevia in first position, followed by Xevi Pons just 1:45 seconds behind and in third position Jonathan Perez, followed by the Italian Luca Betti. Miguel Fuster finished this stage setting a time 7 seconds behind Alberto Hevia, but he continues to maintain his first position in the classification of the Spanish Championship.

Drivers' comments:

Luca Betti: "We finished the long section very tired, but now there is only one more to the finish".

Xevi Pons: "I am happy with how we have gone. Now it is important to finish and not to commit any errors".

Miguel Fuster: "We have driven calmly"
